

Points !

- Participate in the tour enjoying real conversations with the guide.
- Learn about recommended places and foods before you visit
- Experience travel regardless of distance
- Interact with the guide to build a relationship

Student's Voice

I was really pleasantly surprised by the online tour. It was a fun, interactive and interesting experience that I found diverting and easy to understand.

Student's Voice

I enjoyed the whole online tour about Shibuya, and it had many positive aspects. I think this kind of tour is very useful and interesting especially during the current pandemic, allowing the audience to feel like they are traveling while still staying safe.
